CINEPUNCH has been designed with the user in mind Simplified control panels and a vast library of presets allow you to focus on the enjoyment of designing the look and feel of your project.. AfterEffects users can taste a little bit of its power for free, thanks to the ' Fracture' and 2 ' Effectors' (Plain and Random) that come with the Cinema 4D Lite version, packed with every AfterEffects CC version.. 3, CC 2015, CC 2014, CC, CS6 mazeFX is a tool for Adobe After Effects, specifically designed to create random vector-based mazes (labyrinths).. But it is definitely limited and frustrating, since the most interesting tool is still missing: the CLONER! How many times a motion designer has to duplicate and animate sequentially a bunch, sometimes dozen, of similar graphic shapes in their projects? MazeFX (Aescript) 1.
